10TH GRADE TEXTBOOK LIST

Berean's curriculum, our course of study, is set by our school purpose and Tennessee state standards. The following textbooks help us pursue our curriculum.

In middle and high school at Berean, parents purchase the textbooks rather than the school. If you are unsure as to which class your student is taking, please contact the upper campus office.

The cost of textbooks can be expensive. To aid you, many parents have used the "Berean Book Traders" Facebook page. Before purchasing textbooks, please ensure that it is the correct book and edition for the coming school year. Use your own discretion regarding used textbooks. Please remember, all lab manuals and student workbooks must be new books. Those books are noted in the list as (new).

Bible: New Testament Survey

None
